Spanish - 1 Tri-fold Poster for International Fair, 1 Pkg. 3x5 Index Cards, Spanish/English Dictionary
Physical Education - 1 Composition Notebook
No rolling backpacks allowed

ECS highly encourages every student in grades 7-12 to have access to the internet and either a computer, laptop, or Chromebook for completing school assignments in case we have to temporarily use digital learning again. A phone is not really a sufficient device. Because grades 7-12 are using Google Classroom, your student's device needs to work well with the Chrome browser and Google Classroom.

If purchasing a Chromebook, we recommend Acer, Asus, and Lenovo brands since we have found that they are generally reliable, well-built machines. You are encouraged to take advantage of sales and refurbished devices to find a Chromebook for under \$300. Your student does not need a top of the line device or one with a large screen. Look for something with 4GB Ram and 16GB or 32GB SSD. An 11"-12" screen is sufficient and will make the Chromebook smaller and more easily portable.

If your student needs some help learning to use a Chromebook or laptop, you may contact Mrs. Ankers, our high school computer teacher, to set up an appointment. Her email is aankers@ecscsclassroom.com. We encourage all students to know how to use their devices *before* school begins.

Supply List for 2021-2022

Grades 10-12

PLEASE LABEL ALL SUPPLIES

10th

3 Boxes of Kleenex
3 Clorox Wipes Container
